Tech Rider for Cold Creek Bluegrass Band

Personnel:

Bill Sprunger - Guitar, Vocals
Andrea Banner - Bass, Vocals
Blaine Nelson - Banjo
Craig Miner - Mandolin
Rob Ricks - Fiddle

Sound Requirements: Cold Creek is an all acoustic band. We bring our own microphones for performances. They are all condenser mics, with the exception of one SM58. They require phantom power, and the center main vocal mic (an AKG 414) needs a lot of pickup to catch all of the singers on stage. To avoid feedback, we use little to no on stage monitoring. To get the gain required, our mic requires a 31 band EQ to ring out feedback and get a high level (we have and can bring this if needed). The bass has a pick up and requires a XLR cord.

We need: 6 boom stands, phantom power, and the ability to EQ the mic during soundcheck.

Green Room Requirements: 5 bottled waters, dinner for 5 people, and a quiet place to warm up.
